## Invitation

All are cordially invited to the National conference on "**Recent Trends and New Frontiers in Biotechnology, Agriculture, Science and Environment**" to be held on **February, 22<sup>nd</sup> - 23<sup>rd</sup>, 2020** at "**St. John's College**", **Agra**. The conference will be jointly organized by '**Academy For Environment and Life Sciences (AELS)**', '**Dept of Botany , St John's College**', **Agra** & '**Pathfinder Research and Training Foundation**', Greater Noida. The conference will provide opportunities for researchers to interact, share new results, show live demonstrations of their work, and discuss about innovative technologies and applications in many fields i.e. Biotechnology, Environment, Agriculture and Life sciences etc.

The conference will open new doors for scientific deliberation dealing with challenges in Biotechnology, Environment, Agriculture , Science & Technology etc. Creative exchange of ideas will take place through expert lectures, posters and vibrant discussion on current topics.

### About the AELS

The Academy, established in 2012, its memorandum and the Constitution registered under Societies Registration Act 21, 1860, is an autonomous organization open to everyone who has a scientific, technological, practical interest and inclination in the field of Science and Technology, Environmental Pollution, occupational health, toxicology and life sciences. It is basically a forum where scientist and young researchers effectively interact and co-operate once in a year in an effort to review and update their research, to explore research priorities, to prevent further deterioration of environment and to provide inputs to the Governmental agencies for the safe guard of the ecosystem and the health of mankind.

### About the St. John's College

St. John's College, Agra, was established in 1850 by the Church Missionary Society of England through the efforts of the Agra C.M.S. Association which came into being in 1840. At its inception, the College formulated its own curriculum and conducted its own examination. From 1862 to 1888 the College remained affiliated to Calcutta University and later up to 1927 to Allahabad University. In 1927 with the formation of Agra University, then the College was affiliated to the Agra University.

The College has one of the most beautiful buildings in North India, built in red sandstone in Indo-Saracenic architecture. The foundation stone of the Centenary Wing was laid by Shri Sarvapalli Radhakrishnan, former President of India. In 1958 and it was inaugurated by Shri Pt. Jawaharlal Nehru, the first Prime Minister of India, in 1959. The College has very distinguished alumni, the foremost of them being late Dr. Shanker Dayal Sharma, the former President of India.

### About Pathfinder Research and Training Foundation

Pathfinder Research and Training Foundation is a state-of-the-art platform for researchers to perform wide range of research activities related to drug discovery, NGS analysis, metagenomics, structural biology, large scale cell imaging, machine learning and engineering software development. The mission of the center is to excel and lead in scientific research, training and in creating a new, broad and interdisciplinary view of computational and systems biology. The center brings together scientists and engineers from various fields, including computer science, biology, mathematics, statistics and physics, all of whom share a common interest in gaining a better understanding of how life works.

## Call for Submission ( Abstract/Full Length Paper)

The abstract should be typed in English using MS word (Single space; Font Cambria; Font size- 12) and should not exceed 350 words. The abstracts must contain title of the paper, name(s) of author(s) followed by their affiliation and e-mail. The name of presenting author should be underlined.

Authors are also requested to submit their own research work in the form of research and review papers on the diverse field of agricultural, environmental and Biotechnology/ Biological Sciences, not exceeding 6000-7000 words. All article will be double blind peer review process and zero plagiarism policy.

**The Full length selected research/review papers/articles will be published in the following Journals:**

**1. *Advances in BioResearch*** : Web of Science Indexed, NAAS 4.77, Index Copernicus Value 100 [2018] [For Agriculture/ Environment/ Life Sciences/ Biotechnology]

**2. *International Archive of Applied Sciences and Technology (IAAST)*** - [NAAS rating 4.45, CAS USA, Google Scholar etc.] [For Applied Sciences papers]

**Note** : *Students/Researchers/Delegates must send the soft copy of their Abstracts and Full Length Papers/Articles along with duly filled registration form with Fee slip/Transaction IDs to: [ncrtnfbase2020@gmail.com](mailto:ncrtnfbase2020@gmail.com)/[ncrtnfbase2020@yahoo.com](mailto:ncrtnfbase2020@yahoo.com).*
